WOODLAND HOMES USA

*Net Zero Energy Homes
Eliminate Your Utility Bills!
(760) 743-3325*

Benefits of Going Solar:

- Reduces your Carbon Footprint
- Is healthier, safer, cleaner living
- Protects your budget from rising electricity costs
- Our *Green Ribbon™* Solar Home makes solar power easier to own
- Take advantage of Utility and Government Rebates
- Tax Incentives
- More Comfortable living
- Eliminate Your Utility Bill!

WHY BUY ELECTRICITY WHEN YOU CAN TAP INTO THE SUN AND GET IT FREE?

Woodland Homes is proud to announce the debut of our exclusive Green Ribbon™ super energy efficient, solar powered manufactured home.

Woodland Homes has secured the expertise of internationally recognized energy expert, Mark Snyder.

Mark has patents on cutting edge energy saving devices and has had a long and distinguished career as a designer of solar powered homes and buildings.

Mark (seen below center) accepted an EPA Award on behalf of legendary entertainer Willie Nelson, has served on a White House Council, designed the zero net energy home for ABC-TV's award winning "Extreme Makeover: Home Edition" reality based show, and has over 30 years of practical know how as a Master Electrician licensed to work in over 20 states.

Energy Efficiency Features

- COMPRESSORLESS AIR CONDITIONING
- SILENT AIR NIGHT VENTILATION
- ENERGY STAR APPLIANCES
- SOLAR PV HOME ENERGY SYSTEM
- SOLAR POWERED HOT WATER
- SOLAR POWERED SPACE HEATING
